FOR TIMELESS MOMENTS

timeless memories

Surrounded by nature & crystal clear sea, D'Orangerie is a calm, contemporary space shaped by light and nature.

The architecture is simple, open and refined.

Natural materials and clear lines create an atmosphere that feels effortless.

Through the day, the space changes with the light. The garden and terrace become part of the interior.

D'Orangerie was designed for gatherings that feel real and for people who prefer balance over excess, and presence over performance.

Every moment here has its own pace.

Welcome to D'orangerie.

A LIFETIME OF MEMORIES

Love & laughter

When evening arrives, the space transforms. Warm lights shimmer through glass, the terrace glows with candlelight, and the rhythm of the day turns slower.

The sound of conversation mixes with music and the faint scent of the sea in the distance. Guests move freely between hall and garden, surrounded by a soft golden tone that fills the night. It's an atmosphere that invites closeness, laughter and ease.

For moments that stay in memory long after the night ends.

CONFERENCES & PRESENTATIONS

The main hall offers the technical capacity and spatial flow needed for presentations or panel discussions, but never feels formal.

It's bright during the day, softly lit in the evening, and can easily shift between formats - from theatre-style seating to open lounges.

High ceilings, controlled acoustics and unobstructed sight lines create a space that feels both functional and inspiring.

Coffee breaks and networking often move naturally outdoors, surrounded by the sound of sea and open air.

CORPORATE & DINNERS

Even professional gatherings feel warmer here.

Dinners, receptions or end-of-year events take on a different energy in a space designed for human connection.

Soft lighting, Mediterranean food and a relaxed tempo make every meeting feel personal.

The combination of interior and garden allows movement and flow, so conversations happen naturally, without structure or rush.

It's a way to gather that feels more like sharing than scheduling.

CHRISTMAS GATHERINGS

Our venue provides an elegant setting for corporate holiday gatherings that seek atmosphere over formality. Designed to support meaningful interaction, the space comfortably accommodates presentations, keynote moments or panel discussions, while maintaining a relaxed and welcoming flow.

By day, the hall is filled with natural light; in the evening, it transitions into a warm, refined environment suited for informal networking and shared dining. Flexible layouts allow for seamless movement between structured sessions and open lounge formats, supported by generous ceiling height, balanced acoustics and clear sightlines throughout.

Breaks and conversations often extend outdoors, where the calm rhythm of the surrounding landscape offers a natural counterpoint to focused discussion — creating a winter retreat that feels both purposeful and effortlessly social.
